Wrinkles

Around the Eyes

Are unusually caused by defective sight. Many women, and likewise men, look prematurely old from these wrinkles. The wrinkles in many cases can be removed by wearing correctly fitted glasses. To fit glasses correctly demands a thorough knowledge of refraction and the necessary instruments. We have both; hundreds of satisfied customers will say so.

AT SATURDAY'S SESSION

Of The Western N. C. Conference, At Winston.

The committee on books and periodicals, in their report, recommended that Dr. Crawford be continued as editor of the North Carolina Christian Advocate.

Rev. W. C. Willson said he was opposed to that, and made a motion that it be stricken out. His motion received a second.

Rev. Dr. Byrd made a motion, which was also seconded, to table the whole matter. A motion was then made to adjourn, and it prevailed.

In making his report of the past year's work, editor Crawford said the Advocate is now owned by a joint stock company; that they own it, not because they want to do so, but because the church did not want to own it; that they put their money into it for peace and unity; that the plant is worth \$13,000, of which the members of the North Carolina conference own about \$3,000, and those of the Western North Carolina conference own about \$10,000.

There was a discussion last year at the North Carolina conference, and an agreement was reached that the North Carolina conference should appoint its own editor, and fix his salary, and that the North Carolina conference's editor was to have full charge of the matters pertaining to that conference. That contrary to custom, he gave the junior editor the first page, etc.

He closed by saying that he had endeavored with a cool head and steady hand to be true to the interests of the church, and faithful to the conference.

The board of education recommended an appropriation of \$5,300, to be divided as follows: Trinity, \$2,900; Weaverville, \$1,500; Trinity High School, \$600; general upbuilding of education, \$300. The report was adopted.

Rev. P. L. Groome's name was recalled. His presiding elder stated that he was in Johns Hopkins University. Several spoke of his peculiar relationship to the conference. On motion, Dr. Groome will be communicated with at once, so that the conference, with fuller information, may act wisely. The matter will come before the conference again, after he has been heard from.

The following officers of the Western North Carolina Historical Society were elected: President, C. F. Sherrill; vice-presidents, H. M. Blair and T. E. Wagg; secretary and treasurer, J. R. Scroggs; managers, Dred Peacock, W. L. Grissom, and the pastor of West Market Street church, Greensboro, whoever he may be next year.

Bishop Fitzgerald desired to give his report to the society, for use as it thought best.

A BIG BUSINESS FIRM.

The Greensboro Iron Company Incorporated Saturday.

A new company which means much for the business interests of Greensboro, has been formed and was incorporated Saturday by the Secretary of State. The company will be called the Greensboro Iron Company and has been formed for the purpose of buying and operating the property near the Finishing Mills, now owned by the Greensboro Furnace Company. The authorized capital of the new company is \$185,000, the company to begin work as soon as \$100,000 of the capital stock has been subscribed. The present stock holders are: E. S. Campbell, Stephen N. Coble, Geo. S. Sergeant and J. M. Walker.

Messrs. Wharton & McAlister are at present acting as agents for the company. The business of the company shall be mining, smelting and transporting iron ores, coal, limestone and other minerals. The charter also gives the company the right to build railways, buildings, etc., necessary for its work.

Nothing can be learned as to when the company will begin work, but we are assured that it will be as soon as possible and with such men as the above at the helm this cannot be long.

The Myrtle and Harder company arrived in the city this morning and are stopping at the McAdoo. This company opens a weeks engagement here tonight. It is one of the best popular price companies on the road. Emma Myrtle, the star, has played in Greensboro many times and has an enviable reputation here. Go to the Academy tonight.

FORCE BILL IMPROBABLE.

Would Destroy Republican Party in the South.

FORMER SUPPORTERS OPPOSE IT.

Representative Levi, of New York, a Probable Candidate for Leader to Succeed Bailey of Texas.

Special to THE TELEGRAM.

Washington, D. C., Nov. 21.—Southern members of congress now in Washington do not believe that there will be any attempt at legislation either by the present congress or by the Fifty-sixth congress, regarding the federal elections. Before the congressional elections there was considerable talk on the part of northern men, of securing the passage of a law by congress which would tend to offset the election laws in force in certain states of the south, and which are likely to be extended to other states in that section in the near future. The race troubles in North and South Carolina, and Illinois, however, has produced a change in sentiment, and many of the same men who heretofore have been in favor of such legislation by congress, now express the opinion that the passage of a force bill is out of the question. For the republicans in congress to pass such a law, or to attempt it in the house, would almost surely meet with disaster in the senate, as the majority in that body now, as it was during the days of the Fifty-first congress is against the passage of any legislation concerning the control of elections in any section of the Union by the federal government.

Senator Mallory, of Florida, is quoted as expressing the opinion that the fear of a force bill is unfounded, and that the republicans will not attempt such legislation, at least during the short session, and probably not during the next congress.

Many of the western republicans are against the passage of such a law now as they were in 1888. Among southern republicans in congress, including Senators Wellington and McComas, of Maryland, Elkins, of West Virginia, Deboe, of Kentucky, and Pritchard, of North Carolina, are said to be solidly against the passage of a force bill which would destroy the republican party in their states.

Among the prominent public men in Washington is representative-elect Jefferson M. Levi, a member of the delegation from New York City in the next house. Mr. Levi is the owner of the estate of President Jefferson, at Monticello, Virginia, and he has often entertained a large number of friends at the ancient mansion. Mr. Levi is mentioned as a probable candidate for the minority leadership of the next house of representatives to succeed Congressman Bailey, of Texas. As Mr. Levi, however, will be serving his first term, it is not likely that he will be chosen for that exalted position.

Mayor Malster, of Baltimore City, is making an extended tour of the south. He is now in Florida and will visit several places in that state, after which he will spend a few days at Aiken, South Carolina. The mayor is accompanied by Mrs. Malster and his two pretty daughters. Last week he passed through Washington en route south, but did not remain over here.

General Lee, who is now at Savannah, Georgia, will probably go to Jacksonville, Florida, within a few days. He has been invited to attend the peace jubilee in that city which begins this week. The invitation was also extended to the entire staff of the general.

An effort is being made to get President McKinley during his trip south to visit Montgomery, Alabama. The legislature of Alabama has forwarded a very complimentary invitation to the president. He will visit Tuskegee, and will probably very willingly extend his visit to Montgomery, where he is sure of a hearty reception.

Mr. T. B. Crawford and wife, of Winston, North Carolina, were in the city Sunday. They were stopping at the Metropolitan Hotel.

Postoffices have been established at Cletus, Buncombe county, 24 miles north of Ivy, and 24 miles south of Morgan Hill, and at Timberland, Cumberland county, 4 miles northwest of Montrose.

Annette L. Allen has been commissioned postmaster at Queen, North Carolina.

Postmasters have also been commissioned in North Carolina as follows: Cletus D. Buckner, Cletus, and William H. Britton, Timberland. Among North Carolina people in Washington are Messrs. S. L. Dill, and J. B. Taylor, both of Newberne; T. B. Crawford, Winston; Logan Burhams, and wife, Graham; C. D. McKnight, George N. Pepper, J. J. Jenkins, Pittsboro, Mr. and Mrs. C. E. Horden, Wilmington.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU. HIGH POINT, N. C. Nov. 21

High Point was the scene of a murder yesterday. About 2 o'clock in the afternoon Macon Smitherman, colored, came on Main street on his horse at a very fast gait and seemed terribly excited. Very soon afterwards Tom Eccles met Chief of Police Bennett on the railroad crossing and told him that Smitherman had killed Harry Palmer, colored, over at Fred Alford's, the old Walton place, in the eastern part of the city. Officer Bennett immediately started after the murderer and caught him near the Friend's church. From the evidence it seems that the negroes had some trouble about a year ago over some whiskey and when they met yesterday at Alford's they did not at first seem at odds, but soon their old grudge was mentioned. The 4-n 11 was passed and Smitherman drew a 35 calibre pistol from his pocket and shot Palmer through the heart after which Palmer said: "You did tell a dam lie," and said he was shot. He then fell and died immediately. A preliminary trial was held before Magistrate Steele, who committed the murderer to jail to await December term of court. The murdered man, unimpeached, was a well behaved colored man. The murderer has appeared before the police courts for many offenses.

Saturday night Officers Bennett and Burns found eleven negroes gambling and captured nine of them. Seven of them were released on \$25.00 bonds. The two who could not give bond were taken to jail last night.

There was an ordinance passed once, prohibiting people congregating on the sidewalks. Under no circumstances has this law ever been enforced. We think it should be enforced or repealed. Yesterday afternoon we noticed in several instances ladies actually walking out in the street, the sidewalks being so packed with people, some of whom would not have moved had they seen the ladies approaching. This ordinance should be enforced, no matter what the excitement may be.

Corporal J. S. Spencer, who has just been mustered out of the Second regiment, left this morning for Norfolk to join the navy. "Jobe" makes the third one of our second regiment boys that has gone to join the navy. We wish them well.

J. H. Bostick, formerly night operator at this place has gone to Greensboro to accept a like position. Mr. N. A. Nash, of Winston, has taken Mr. Bostick's place here.

A first-class car has been added to Capt. Rankin's train again.

DR. DODY IN WASHINGTON.

To Talk Over The Yellow Fever Situation—Other News of Various Kinds By Telegraph.

By Wire to THE TELEGRAM. Washington, Nov. 21.—The navy department has become dissatisfied with the manner of conducting the repairs on war ships at the Portsmouth navy yard, and a sharp letter on the subject has been mailed to the commandant of the yard. Among other vessels the gunboats Machias and Lancaster have lately been sent to Portsmouth for overhauling, but the work has hardly begun on them.

The navy department denies that it has any extraordinary reason for haste, but it is admitted that the work of repairs has been unnecessarily slow.

DR. DODY'S OPINION. Washington, Nov. 21.—Dr. Doty, the New York health officer, arrived today to confer with the president regarding plans for the continuation of the investigation of the cause of yellow fever in Cuba. He expressed the opinion that Archie Miller, who died in Washington, had malarial and not yellow fever.

A JOINT SESSION.

Senor Montero Rios Refuses to Continue Negotiations.

By Cable to THE TELEGRAM.

Paris, Nov. 21.—The peace commissioners met jointly at two o'clock this afternoon.

The Americans declared they must have the entire Philippine archipelago, and for a treaty of cession of the islands tendered Spain twenty million dollars. November 28th was fixed as the date on which the Americans desire a definite response to today's propositions and all other subjects at issue here. The Americans refuse to arbitrate article 3 of the protocol bearing upon the future disposition and control of the Philippines. It was declared to be the purpose of the United States to maintain in the Philippines an open door to the world's commerce.

On the terms named the Americans propose a mutual relinquishment of all claims of indemnity, national or personal, subsequent to the outbreak of the last Cuban insurrection.

It is also announced that the Americans desire to treat of religious freedom in the Caroline islands as agreed upon between the United States and Spain in 1886, also of the acquisition of one of the Caroline islands for an American naval station, and cable landing rights at other places under Spanish jurisdiction; also the revival of certain Spanish-American treaties as heretofore in force. After these declarations were made, the commissioners adjourned till Wednesday.

MONDAY, NOV. 21, 1898.

Sentiment should not be allowed to enter the fight in the matter of better commercial lighting facilities for Greensboro. This is an important item in the matter now under consideration and which is to come up in a special meeting of the board of aldermen to-night.

We are in favor of giving to Greensboro any and every advantage to help her grow. We are in favor of doing the thing that will quickest place her among the first towns of the state, where, from points of population and business, she properly belongs.

How badly did electric street cars make Winston, Charlotte, Raleigh and Wilmington spread out, and how many citizens of those towns moved out in the country (the suburbs) to keep from paying taxes? Wouldn't it be foolish for the average man to do that anyway? Wouldn't the car fare of the average man be several times the amount of his taxes?

With all the spreading out of Charlotte, Winston and other towns in North Carolina which have street cars they have managed somehow to secure better streets than Greensboro. If we can't have better walks and streets than we now have, that is sufficient argument in itself in favor of street cars. We must have either mud scows or street cars. We prefer the latter.

Suppose a man should take advantage of street cars and move into the suburbs to avoid the payment of city taxes and only paid two fares a day, bringing his dinner with him, how much would he save? With twenty-six working days per month he would pay \$31.20 a year. How many men in Greensboro who are liable to move pay that much city taxes on the property they are likely to move with them? And suppose they go home to dinner every day it would be twice that sum. With due respect to the gentlemen who advance this argument, we can see nothing in it.

SUNDAY IN WINSTON.

A Bright, Pleasant Day Spent Among the Methodists.

Editorial Correspondence.

Winston, Nov. 21.—Yesterday was a typical Sabbath. A bright sun, with the air just cool enough for a light overcoat. At the morning service, all the churches in the city were crowded to their utmost capacity, to hear distinguished devines preach. At Centenary Bishop Fitzgerald preached a sermon of much power. There was old time methodist shouting, and it was good to be there.

Rev. Dr. W. F. Tillett preached at the Home Moravian church, and his sermon was highly spoken of. Dr. Christberg occupied the pulpit at the first Presbyterian church, and Dr. Kilgo preached at the first Baptist church. Many who have heard Dr. Kilgo several times, say he preached with unusual power yesterday. In introducing him the Rev. H. A. Brown, who has been pastor of this charge twenty-one years, was very graceful and complimentary.

By the way, the Baptists are building a splendid church adjoining the old one. It is of pretty architectural design, and will be of large seating capacity, something which these good people have been in need of some time. At 3 o'clock p. m. memorial services were held at Centenary church. A memoir of Rev. S. D. Peeler was read and adopted, remarks were made by Rev. R. G. Barrett and others, after which Rev. James Needham, familiar-

ly known as "Father Needham" preached with much fervor and power. Father Needham is nearly one hundred years old, and if he lives a little over two years longer, he will have lived in three centuries. He is a remarkable man. The big church was crowded to hear him.

At night we heard Rev. Dr. DuBosc, of Nashville, editor of the Epworth Era. He is a strong preacher, and his congregation was entertained and delighted with profound thought, clothed in beautiful language.

It was our pleasure on yesterday to dine at the hospitable board of Mr. and Mrs. B. B. Owen, on Broad street, in company with one of our city pastors, and a prominent member of the North Carolina conference. It was the first time this hungry scribe has ever had the pleasure of looking in on the manner Methodist preachers are entertained at conference, and if they all fare as well as did those who were entertained by Mr. Owen and his cultured and refined wife, there is at least one time in each year they should be supremely happy.

A Sure Sign of Croup.

Hoarseness in a child that is subject to croup is a sure indication of the approach of the disease. As to its efficacy, I have been informed by scores of persons of the good result they have received from it, and know its value from the use of it in my own household. "Within the bright lexicon of youth there's no such word as fail."

—Richelieu.

Mrs. Jane Hopkins, the inventor, designer and original tailoress of the world-famous "Mrs. Jane Hopkins' Boys' Clothes," fully appreciated the value of the admonition of the great French Prelate-Statesman, quoted above, for, after years of tireless devotion to the subject of "good-looking and wear-resisting boys' clothes," she subsequently evolved the principle of construction, which has not only made her an enviable reputation, but blessed by mothers of boys throughout the land.

The Mrs. Jane Hopkins' boys' clothes differ from the ordinary sort in so many ways that they really beggar description, only a personal investigation of their "fine points" can properly convey to the minds of the intelligent American mothers their enormous superiority over every other sort.

Mrs. Jane Hopkins' Boys' Clothes are made as nearly indestructible as garments made from woolen fabrics possibly can be.

They are guaranteed by the makers and sellers to give absolute satisfaction.

Ages 3 to 16, and sold exclusively by

Matthews, Chisholm, Stroud & Rankin.

of most men is much higher than the sum of their income. To such men it must be good news to learn that they do not have to pinch themselves in order that they may pay the extravagant tailor's bills. We sell perfectly fitting clothes for business, semi-dress or full dress occasions of unquestionable style and superb qualities at prices which permit the saving of almost half tailor's bills. Our best clothes are made by the famous New York tailors. Messrs. Pecheimer, Fishel & Co., whose label on every garment is a guarantee that the clothes are equal to "custom made" in every particular. Therefore, whether it is a sack suit, a cutaway or a Prince Albert frock, a pair of trousers, a top coat or an overcoat that you need, do yourself the justice to at least see our offerings—and then go to your tailor if you like—but you won't.

The Greatest Clothing Sale

In the History of This Country.

\$20,000 Worth of Clothing

Must Be Sold in the Next 30 Days

50 pr ct. less than Manufacturers Cost

Sale To Open

WEDNESDAY, November 23.

This stock is representing the production of one of the best and most popular Eastern clothing manufacturers, who finds himself today badly entangled financially, pushed to the very well of ruin, and must save his honorable name at all hazards. You must remember that this is no idle boast nor a statement of a fanciful mind, but we mean to substantiate every syllable we utter. We positively guarantee that our All Wool Clay Worsted Mens Suit for \$6.50 must be as good in every detail as the kind sold here for \$13.50. An all wool up to date Kersey suit for \$5.50 must match any one sold for \$12.50. The all wool Cashmere for \$3.50 must surpass the \$8 kind you get elsewhere. Our \$2.50 suit must look as good and wear as good as any \$6.50 suit in this market. Covered Cloth and Blue Kersey Overcoats for \$4.50 and \$5.00 we are satisfied to guarantee to be actually the same as the \$10 and \$12 goods sold by every retail dealer. Pants for 75 cents, \$1 and \$1.75 will take place of the best \$1.75, \$2.25 and \$3.00 goods. If you don't find them as we say, bring them back and you shall get your money.

REMEMBER

this is your first, and possibly the last chance in your entire lifetime, to purchase your clothing direct from the manufacturer at such ridiculously low prices. You are all invited to come, and must come early, for the goods will move fast and you don't want to miss it, the only thing left.

Remember the place. Our store is in the

McAdoo Building,

N. Balsem, Manager. Corner East Market and Davis Streets.

P. S.—The first gentleman entering our doors when we are ready for the opening of our sale, will be presented with a suit of clothing worth \$8.00.
